Layout of the Course

Exact layout and traffic rules of the course

- 85 /85/80 m between the buoys
- Slalom out – straight back
- 10 – 50m running

Race example (whole Race)

Race Course

In heats: there may be 4 lanes, but they **must** be identical in all the distances of the layout.

In finals: The 8 finalists compete on 2 lanes

Progression System

- The World Rowing Progression System of RoR art. 57 and App R18 art. 20) are the basics and foresee the following options:

 - or a combination of these possibilities

The goal is to come down to the number of **8 finalists**

 - Judge at the Start / Race umpire*
 - Lane Umpires (1 per lane)*
 - Turning Mark Umpire

False Start and consequences

- A false start occurs when before the start command:
 - A runner crosses the start line
 - A crew member starts to board their boat
- The Judge at the Start is the only one to judge about a false start.
- If so, he raises the red flag and the starter will stop the race in usual manner, with red flag and hooter.
- Consequences for the crew -> Yellow Card
